**Investment Performance as of 01/29/2010**

*Current performance may be lower or higher than performance data shown. Performance data quoted represents past performance and is not a guarantee or prediction of future results. For performance data current to the most recent month-end, please visit [www.gwrs.com](http://www.gwrs.com). The investment return and principal value of an investment will fluctuate so that, when redeemed, shares/units may be worth more or less than their original cost.*

*Please consider the investment objectives, risk, fees and expenses carefully before investing. For this and other important information you may obtain prospectuses for mutual funds for registered investment options, any applicable annuity contract and the annuity's underlying funds and/or disclosure documents from your Registered Representative. For prospectuses related to investments in your Self-Directed Brokerage (SDB) account, contact your SDB provider. Read them carefully before investing.*

*An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Fund.*

*For additional fund information, please refer to the Fund Fact Sheet or Prospectus.*

*Since the Maxim Lifetime Asset Allocation Series commenced operation on May 1, 2009, they have no performance history prior to that date.*

These returns and fund operating expenses are expressed as percentages. 3, 5 and 10 Year/Since Inception returns shown are annualized. For 10 Year/Since Inception, if the fund was not in existence for 10 years, returns shown are since inception. If the fund is less than one year old, returns are not annualized.

Performance returns reflect deductions for fund operating expenses. For variable annuity options, returns also reflect a mortality and risk expense charge and an average Contract Maintenance Charge (CMC). Your plan may have higher, lower or no CMC charges and may assess a plan administrative fee that was not deducted in the returns shown above.

Funds may impose redemption fees, and/or transfer restrictions, on certain transfers, redemptions or exchanges if assets are held less than the period stated in the fund's prospectus or other disclosure documents. For more information, please refer to the fund's prospectus and/or disclosure documents.

With the exception of the Self Directed Brokerage Account, securities, when offered, are offered through GWFS Equities, Inc., a wholly owned subsidiary of Great-West Life & Annuity Insurance Company. GWFS Equities, Inc., or one or more of its affiliates, may receive a fee from the investment option provider for providing certain recordkeeping, distribution, and administrative services.

On occasion, the name and/or investment objective of an investment option may change. For specific information on whether the option name has changed within the past year, or if the investment objective has changed in the last ten years, please contact your Registered Representative for a current prospectus.

You will receive a separate statement from your Self-Directed Brokerage (SDB) provider that will detail the investment holdings and activity within your SDB account including any fees and charges imposed in connection with the SDB.

Although they have higher return potential, high yield bonds are also subject to greater risk, including the risk of default, compared to higher-rated securities.

<sup>1</sup> \* Performance returns not available at time of production.

<sup>2</sup> For fund options under the annuity contract, the date shown is the inception date of the separate account or the date the investment option was added to the separate account, if later.

<sup>3</sup> **The 7-day current yield more closely reflects the current earnings of the money market fund than the total return quotation.**

<sup>4</sup> Performance does not include any fees or expenses of variable insurance products, if applicable. If such fees or expenses were included, returns would be lower.

<sup>33</sup> The net expense ratio is less applicable fee waivers or expense reimbursements the investment adviser and/or administrator may have agreed upon, either voluntary or by contractual agreement; the gross expense ratio is not. Fee waivers and reimbursements may be modified or terminated at any time. Additional information can be found in the Fund's prospectus and/or other disclosure documents regarding effective dates and/or if waivers or reimbursements are voluntary or by contractual agreement. Absent waivers or reimbursements, the performance would have been lower.
